

# M4 MODEIFIED4 - THINGS-WE-SAI D M4

## BI OS-ON-CONTRI BUTORS-AND-CREDI TS

1. **DNR-Crucified**, originally submitted for M2, was given new life from the ashes of the MODEified Archives as the opening cut for M4.
2. **The Man**-Danyel Remelow is back with his upbeat rendition of **Little 15**.
3. **Null Device**- is an electronic music project composed of Eric Oehler(music) and Erick Goedken(lyrics) based in Madison, WI. Thanks for the **Sweetest Perfection!**
4. **Sasha White, James Reyna, and Chris Vasquez**- cranked out their **Seduction** version of **Fly on the Windscreen**. An impressive addition recorded for Dreamstation Records at Heavy Rotation Entertainment Studios.
5. **Unique**-are Sven Tiburg, Christine Westphal, Lars-Christian Kühn, and Jan-Peter Voigt. They come to us bearing their danceable version of **Waiting for the Night**. Look for their self titled album!
6. **Rubin Roche**-A familiar face to the project this time comes in with a rich version of **One Caress**, never ceasing to amaze.
7. **Stained**-is from Denver, CO with their version of **Higher Love (Caves Crashing Edit)**. Keep up with the guys regarding their new album!
8. **Tammo Koehler-Nothing to Fear (But Fear Itself Remix)** was the first song I heard for M4. I was blown away! Tammo took NTF to a trance level and spiced it up with some horror movie samples. Included are slices of "Halloween", "Scream", "X-Files", and "Dracula". Excellent new twist!
9. **Jason Bromberg and Chris Rentzel**-return with their rendition of **Little 15**. These guys continue to add a twist to these songs..combining great music and emotion. Thanks guys:-)
10. **The Crosses**-are Monica Espinosa and Audrey Turner. **Usless(Acoustic Angst Mix)** was recorded in the famous guitarist Beano Chilton's studio in Las Cruces, NM. They dedicate this to Valkor and Dayma.
11. **Loveless- Pimpf Squared** was originally intended for M3. These guys try to find an element in the song they are covering and then remove it. This time they found two! They hope you like it!
12. **Syntron Project**- featuring Koenig/Rother bring us **Judas**, the token instrumental track.
13. **Osofaux**-Oh-So-Foe it is pronounced..consists solely of Brian Turney. Osofaux anticipates an EP release soon! Thanks for letting us in on the fun with the **Monument** version.
14. **Self Delusion**-These guys from Spain(Josep M. Arqués and Joan Moreno) give us their version of **Ice Machine**. Check out their album entitled **Pride!** Great original stuff!
15. **Khoa Ho**-returns from the original MODEifieds to drop in for an acoustic performance of **Somebody!** Always great LittleGore:-)
16. **Rafi Kharman**-is **Dangerous** with his **Plastix Mix!** He is always a help with the projects in many ways!

MY- THANKS. . . .

Ok, its official..this was the biggest MODEified undertaking thus far! After 9 months in production, M4 is finally in the hands of Bongsters all over the world! Not only is this the biggest MODEified yet..but it is the first issued on CD! Many many thanks to the BRAT for his engineering of M4. He turned old tape recordings into near CD sound! It is amazing. Not to mention spruced up every recording on the collection! Also, thanks to Rafi for helping with the CD copying...couldn't have done it without ya. Finally, thanks to everyone for their patience! Computer and personal delays slowed production for 2 months to a standstill. Thanks for the kindness everyone.

We have truly accomplished something with the MODEified series! We remain true to the spirit of the projects, yet improve on ourselves every time! It's not because of me...its you! The help I receive from Bongsters is unparalleled. Our Bong family continues to grow due to projects such as these! New to the MODEified brew is the MP3 homepage! Now the whole MODEified series is available to the world at the click of a button. The projects continue to grow. Next up is a Greatest Hits Compilation, with some new stuff! And then....yup! M5. I must be crazy! As long as there is interest on the list...MODEified will continue.

Now, go draw a bubble bath, kick back, put your feet up, and enjoy MODEified 4. Until next time everyone....Take Care and Peace...

Rob Augino

(As all the MODEified projects, this edition was created totally for fun, in a non commercial fashion and is never to be bought or sold.)
